EDUCATION

Saint Joseph's University (Honor's Program)   **Awards & Recognition**
B.S. Computer Science - May 2027   Saint Joseph's Scholar
GPA: 3.91   Dean's List

Relevant Coursework: Java, Discrete Structures, Data Structures & Algorithms, Computer Architecture

PROJECTS

St. Joseph's University Y1- Project | *Java, IntelliJ*   *Aug. 2023 - May 2024*

- Implemented **modularity** in programs using **encapsulation, inheritance, and abstraction,** enhancing code readability and reusability
- Developed programs for **data collection, manipulation, and retrieval** using **multi-dimensional arrays, array lists, HashMaps,** and **control structures,** enabling improved **documentation**, classification, and **data analysis**
- Integrated usage of **file importation and exportation** in code through **Java I/O** and **CSV** files, allowing **data transfer** between programs
- Developed test files to **verify data**, develop **exception handling** methods, and **debug runtime errors**, ensuring interfaces and code ran smoothly

Portfolio Website | *HTML, CSS, Git*   June 2024 - Aug. 2024

- Tailored and personalized an **HTML5UP** template to enhance a portfolio website, advancing web design skills
- Leveraged **CSS** to create attractive and responsive interfaces to enhance user experience
- Utilized **Git** for **version control** and **code management,** enabling seamless **integration and collaboration**

EXPERIENCE

Saint Joseph's University   **Philadelphia, PA**

SJU Technology Support Center (Student Technology Support)   *May 2024 - Present*
- Manage university member accounts using **TeamDynamix** and **Microsoft Azure** to create/resolve problem tickets. Provide **customer service** for account activation, access, and updates
- Utilize TeamDynamix to log and escalate technical incidents involving university networks, servers, applications, and events, ensuring **timely resolution**
- Provide university **asset management** by conducting inventory, maintaining records, and processing and distributing hardware/software to faculty and staff

Faith and Justice Institute (Placement Liaison)   *May 2024 - Present*
- Facilitate connections between service-learning students and community partner organizations by coordinating meetings with community partners, organizing service-learning logistics, updating service placement forms, and ensuring compliance with clearance requirements

LEADERSHIP/VOLUNTEER

Saint Joseph's University   **Philadelphia, PA**

Campus Ministry (String Ensemble: Violinist)   *Aug. 2023 - Present*
- Collaborate with Chapel Band musicians to perform music for campus-wide liturgical masses and prayer services, enhancing the spiritual experience of the university community

Philadelphia Service Immersion Program (Participant & Co-Leader)   *Aug. 2023 & Aug. 2024*
- Engage in team-building activities by delivering a purposeful, faith-based service to the local community, fostering stronger connections and creating a positive impact

TECHNICAL SKILLS

Language(s): Java, Python, HTML, CSS

Software(s): Microsoft Suites, Microsoft Azure, TeamDynamix, Bomgar, Canvas,

Developer Tool(s): IntelliJ, Git
